

## Configuring Webmail Time Settings

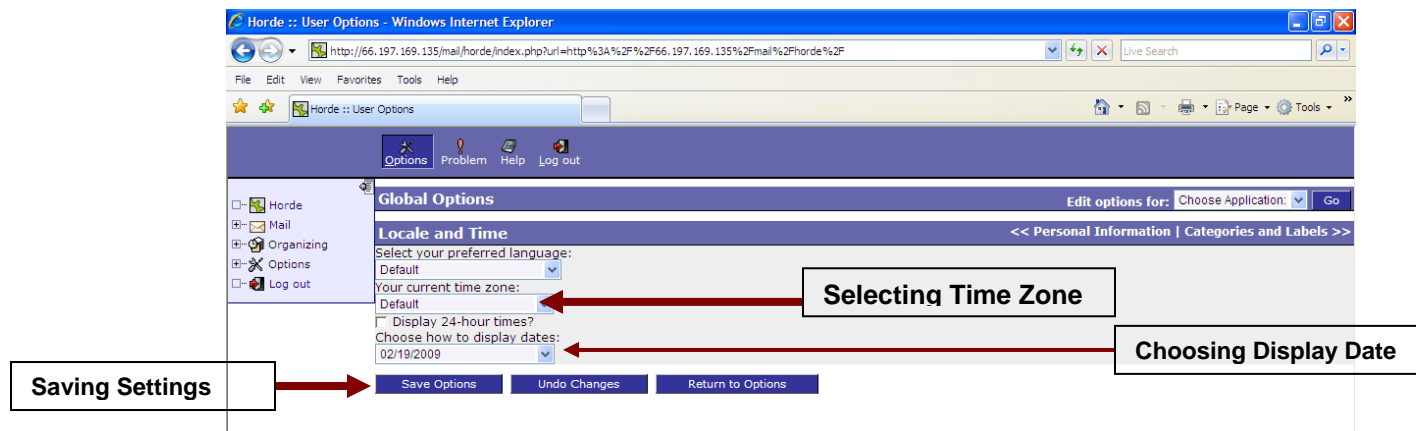

1. Open webmail account using [www.ffc.net.pk](http://www.ffc.net.pk).
2. Click on “Options” in the top right corner of webmail home page.

3. Click on “Locale and Time” link on the options page.

4. Select “Asia/Karachi” from drop down list named “Your Current Time Zone”. To choose display date select the date format from the drop down list named “Choose how to Display Dates”
5. Then click “Save Options” button to save the settings.

6. Now emails will display the correct time for your time zone.
